

Wrap™ 230

Video Eyewear

www.vuzix.com

iPhone not included

The price and performance leader in big screen portable eyewear! Watch your favorite 2D and 3D movies wherever you go - in style.

The Wrap 230 video eyewear displays a 46-inch screen as seen from 10 feet (3m) and it does it in style. Simple to use, includes premium quality noise-isolating earphones, expandable, and easy on your wallet – what more could you ask for? Works with virtually all audio/video devices with composite video-out.

Versatility & Performance

The Vuzix Wrap 230 eyewear connects to any NTSC or PAL audio/video device with composite video-out capabilities and connections. An included RCA Composite A/V cable and optional Composite A/V Adapter for iPod®/iPhone® ensure simple plug'n play connection to today's most popular portable media players. Support for optional Wrap Adapters provide increased connectivity and capabilities unique to Wrap video eyewear. At last, a single pair of video eyewear for all occasions.

For all Video Devices
